Players are encouraged to make all the tryout dates. Players must notify the club if they are unable to make any of the tryout dates/times.

All players must register via Colonie Soccer On-line Registration by July 23, 2011 to be eligible to tryout. This is a non-binding, no cost registration for organizational purposes only.

Upon arrival, players must check in with the Registrar. Players must be prepared to begin at the start time. Parents should plan to have the player at the Lisha Kill Soccer Park at least 15 minutes prior to the start of tryouts.

Players should wear a light colored shirt for tryouts. Shin guards and outdoor soccer shoes are also required.

Colonie Soccer Tryout Policy is posted at www.coloniesoccer.org on the Competitive Soccer page.

Colonie Soccer Club's policy restricts players from playing up. Conditions which allow a player to play up is detailed in the Tryout Policy. If a player is available to play up, they **must** tryout for their own age group.

Colonie Soccer Club's U12 program is a 10 month competitive soccer program. There is a fall season, indoor season, and spring season. There will be weekly practices some tournaments.

Uniforms are reusable for returning players. New players will be required to purchase a new uniform.

Once teams are formed, the age level coordinators will review team budgets, fees, and payments schedules with everyone. All teams need team managers and those wishing to volunteer as team managers must inform the age group coordinator.
